Context

Caisse de dépôt et placement du Québec (CDPQ) hereby presents, in its 2021–2022 Annual Action Plan for Persons with Disabilities, measures already taken and those planned to reduce barriers to the integration of people with disabilities. This Action Plan is an update of the 2021–2022 Action Plan that was published on the CDPQ website in April 2021.

This Action Plan was prepared to reconcile the purpose of the section of the related Act with CDPQ's mission (see page 4). To do so, we enlisted the contribution of our subsidiary, Ivanhoé Cambridge.

Pursuant to section 61.1 of the *Act to secure handicapped persons in the exercise of their rights with a view to achieving social, school and workplace integration* (below), government departments, most public agencies and the most populous municipalities in Québec must prepare, adopt and publish an annual action plan for persons with disabilities.

Section 61.1

Not later than 17 December 2005, every government department or public agency employing at least 50 persons and every local municipality with at least 15,000 inhabitants shall adopt an action plan identifying the barriers to integration handicapped persons encounter in the sector of activity of the department or agency, and describing the measures taken over the past year and those to be taken in the coming year to reduce barriers to integration in that sector of activity. This action plan includes any other element determine by the Government upon recommendation of the Minister, and must be prepared and published annually.

Brief portrait of CDPQ and its areas of operation

Background

CDPQ was created in 1965 by an Act of the National Assembly to manage the funds contributed to Québec's newly created universal pension plan, the Régime des rentes du Québec. In the decades that followed, other organizations also deposited their funds at CDPQ.

OUR MISSION

“CDPQ's mission is to receive moneys on deposit as provided by law and manage them with a view to achieving optimal return on capital within the framework of depositors' investment policies while at the same time contributing to Québec's economic development.”

Section 4.1 of the Act respecting the Caisse de dépôt et placement du Québec

Our team

CDPQ has one of the largest specialized teams of fund managers in Canada and the world. The pool of employees is primarily comprised of university graduates.

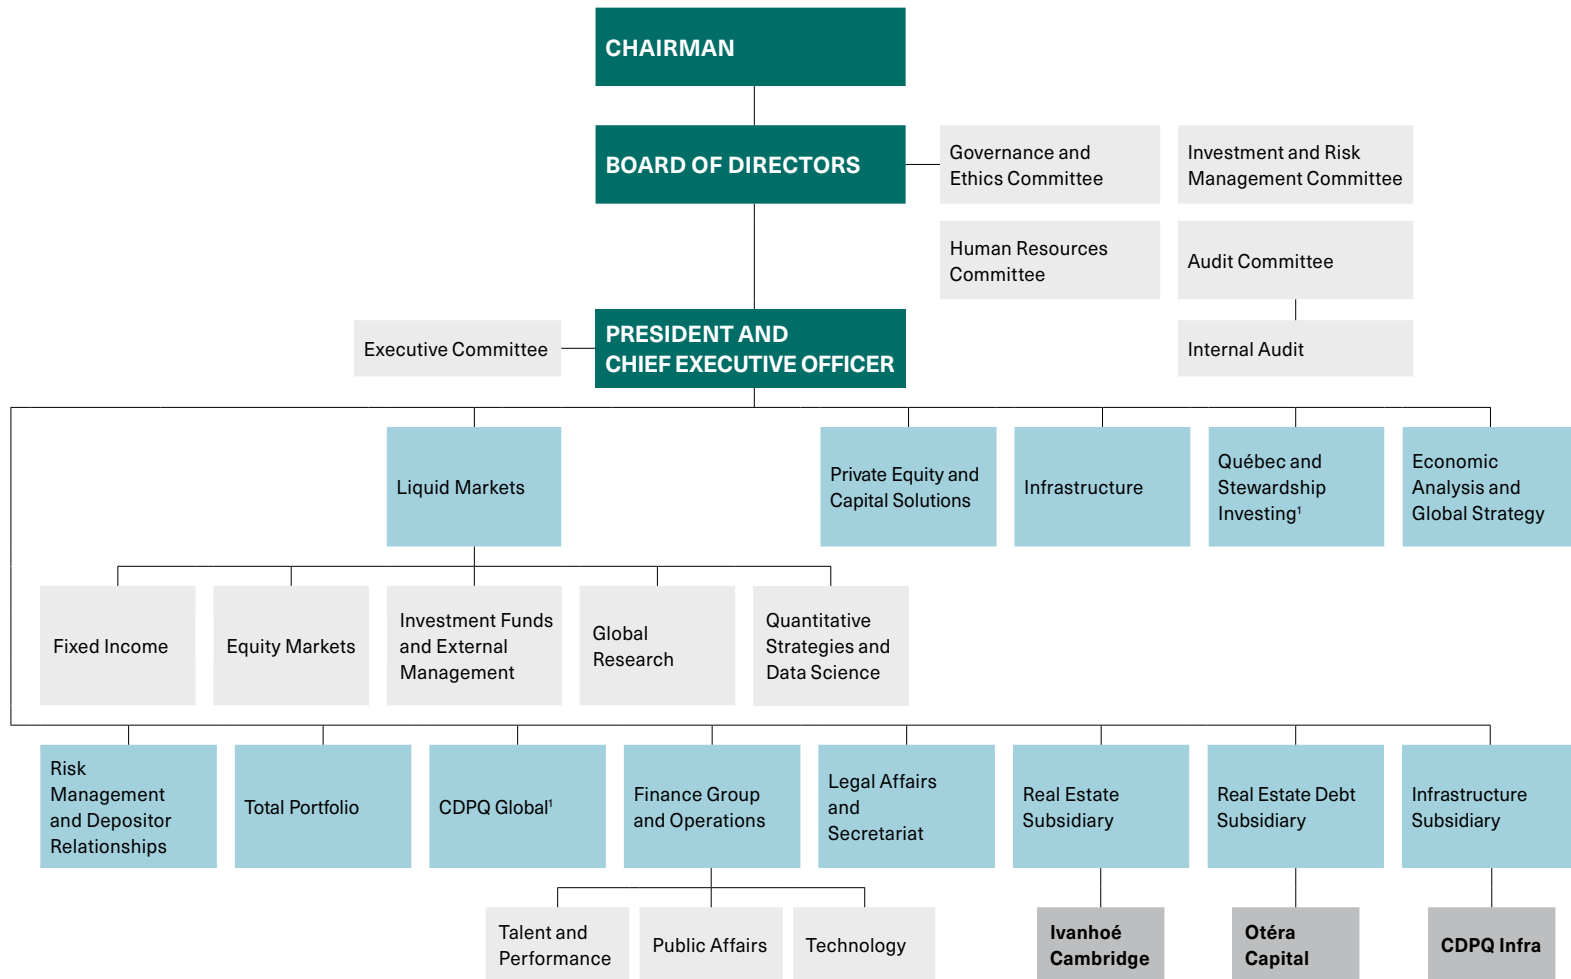

As at December 31, 2021, CDPQ employed **1,454** people throughout its offices in permanent, casual and internship positions. Of this number, **1,292** employees were located in its offices in Québec.

As at December 31, 2021, **27** CDPQ employees in Québec had voluntarily reported having a disability as defined by the Act. They hold positions at different levels in the organization.

Organizational structure

CDPQ's business office is in Montréal and its head office is in Québec City.

ORGANIZATIONAL STRUCTURE
(as at December 31, 2021)

1. Since January 2022, the Sustainable Investing team is included in CDPQ Global.

Commitment to reducing barriers to integration

CDPQ does not provide direct services to citizens in any aspect of its mission. However, CDPQ undertakes to proactively and dynamically deploy efforts to reduce or eliminate barriers to the integration of persons with disabilities into its various operations.

As part of these efforts, the organization analyzes the physical, technological and social environment that it provides for persons with disabilities. Work meetings were held with the Diversity and Inclusion, Global Health and Work Environment teams and with representatives of Ivanhoé Cambridge (manager of the main CDPQ building in Québec). Each element is reviewed by the relevant stakeholders so they can be adapted to current or future needs of all users.
